## CALL OUT TO ARTISTS

### Monument Project Competition (Enderby BC)

The Residential School Monument Planning Group at Splatsin is calling for submissions for the design and construction of a large-scale sculptural monument to commemorate those Splatsin members who attended Residential Schools.

A group led by Survivors has been meeting to plan the monument to commemorate those Splatsin members that attended Residential Schools.

So far, 146 members have been identified; 46 of that number are still living today.

The project will be located at Splatsin, in the southern interior of British Columbia, near Enderby, BC

For more information on the submission process, please contact:
