## **About the Organization**

The Shuswap Nation Tribal Council, also known as the SNTC, was formed in 1980 as an effort of the Secwépemc chiefs to advance the issues of aboriginal rights. As an organization, it works on matters of common concern, including the development of self-government and the settlement of the aboriginal land title question. The SNTC also provides technical support to member communities to improve services in health, child welfare, employment and training, research on traditional territories and community development. It carries out activities, wherever possible, in cooperation with non-member Shuswap Bands and, in all circumstances, without prejudice to their rights and interests.
