Land Use Planning Survey

Our Land Use Plan is almost 10 years old and it's time to update it...

In 2015, we developed the Land Use Plan with a lot of participation from the community. We would like this update to reflect the same level of participation. Your views are so important to the way we choose how to use our lands and this survey is a first step in getting your thoughts and opinions.

Your responses to the questions will be kept confidential and we will make the survey results public at the next community meeting.

Please return the completed questionnaire to Iva Jules, Lands Manager at iva_jules@splatsin.ca in order to be eligible for a draw of IMPORTANT PRIZES.
